Mr. Ken McBride
McBride Construction Resources
224 Nickerson Street
Seattle, Washington 98109

Dear Mr. McBride:

I wanted to take a moment to let you know personally what a great crew worked on the Harbor Pointe condominium project. Your crew, headed up by Brad Kelln, spent over a year at our reconstruction project on Eastlake Avenue East. They were always professional, and everyone in the building was extremely appreciative of the fine job that McBride did.

In particular, I very much enjoyed working with Brad. He is extremely conscientious about everything and planned well in advance for every phase of the project. Rick Witte also was very pleasant to work with. I have recommended McBride to anyone who has asked me about the project, with high praise. Feel free to mention Harbor Pointe as a reference if it is ever needed. I will be happy to speak with them. My work phone is (206) 682-3840 and home is (206) 726-9146.

Thanks once again.

Very truly yours,

Linda Short, President
Harbor Pointe Condominium Association
